Property Details

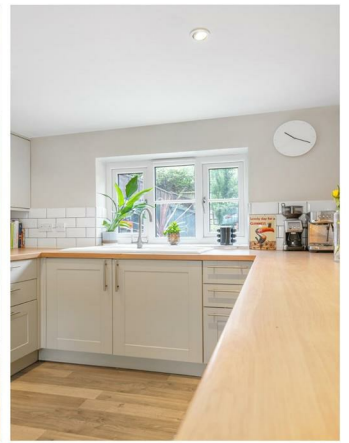

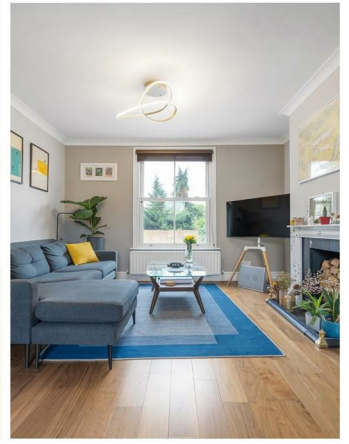

This property is a great example of London townhouse living. On the lowest level you encounter the large kitchen diner; the kitchen boasts plenty of worktop space and storage to cater for both competent and aspiring chefs alike, whilst the dining area provides ample space for guests to complete the stage for those hosting. There is also a bathroom on this level which does negate the need for your guests to wander too far from the action. The bathroom features a luxurious walk-in rain shower, finished with silver fixtures and fittings and contemporary tiling. Upstairs and nestled in the heart of the home is the generous double reception room, finished with wooden flooring to create a warm and inviting ambience, providing the perfect environment to unwind. Atop the property, you find two double bedrooms. The master benefits from built-in storage and a compact en-suite. Tucked to the rear of the home, is the second bedroom with ample space for the traditional bedroom furnishings. The delightful private garden may prove a worthy alternative to the kitchen diner in the summer months for entertaining and is a true oasis of calm. An idyllic spot in which to escape the hustle and bustle of city living.
