Property Details

The dual-aspect reception is the perfect entertaining room, offering views and natural light both from the front and back of the house. A feature fireplace, corniced ceilings and large bay window all contribute to the appealing atmosphere within this relaxing space, mirrored on the other side of the room towards the rear in the dining area. If one option for dining is not enough, the spacious eat-in kitchen provides a more casual spot to eat, as well as a handy WC. The kitchen flows through to the South-facing garden. Arranged over the first and second floor, four well-proportioned double bedrooms and a beautifully finished family bathroom. The principal bedroom is particularly large, spanning the width of the house, flooded with light and benefitting from built-in storage. The abundance of space on the upper floors provides the opportunity to repurpose certain spaces to suit the needs of the purchaser. Demonstrated by the current owners, a home office, a dressing room, a nursery or anything else the purchaser may desire can be easily accommodated by this impressive Victorian house. Last but not least there is access to substantial loft space, which could be converted to increase the overall size of the house and add value.
